

BSL GAS TECHNOLOGIES LTD - ENVIRONMENTAL POLICY

Statement

BSL Gas Technologies Limited seeks excellence in every aspect of our business and is committed to addressing the environmental impacts of business operations.

We Are Committed To

- Managing waste generated from business operations according to the principles of reduction, re-use and recycling
- Continuously improving our environmental performance
- Improving the efficient use of resources
- Giving due consideration to environmental issues and energy performance within our business
- Complying with all relevant environmental legislation

We Will

- Seek oversight and review of environmental policies
- Set some key objectives for managing environmental performance
- Communicate the importance of environmental issues
- Work together with staff to promote improved environmental performance
- Review our Environmental Policy regularly

This statement represents our general position on environmental issues and the policies and practices that we will apply in conducting our business.

Our Environmental Policy is accessible via our website and on request.
